INTEGRATED MANAGEMENT SYSTEM POLICY

Via Araucária Concessionária de Rodovias S.A. strives to be recognized for excellence in its operational, financial, technical, and institutional management. All management processes are guided by ethics, transparency, and integrity, resulting in high-quality services and ensuring safer and more comfortable travel for its users. The concessionaire is committed to:

- Prohibiting Corruption and Bribery in all operations, encouraging the raising of concerns in good faith or based on reasonable conviction without fear of retaliation, guaranteeing the independence and authority of the anti-bribery compliance function, and informing stakeholders about the consequences of not adhering to this policy;

- Acting in accordance with laws, regulations, standards, and contractual commitments in all activities conducted by the company, its employees, partners, and service providers;

- Treating everyone equitably and respecting diversity while ensuring the continuous development of employees, encouraging them to act with equality, non-discrimination, ethics, responsibility, common sense, initiative, creativity, and a sense of ownership;

- Satisfying stakeholders through respect and generation of value to users, employees, shareholders, grantors, surrounding community members, and the environment;

  Promoting the engagement of employees and their representatives in establishing safe and healthy working conditions, protecting the environment, addressing risks and opportunities, and aiming to eliminate or minimize environmental impacts, work hazards, road factors, bribery risks, and asset risks while preventing pollution, illnesses, injuries, fraud, and asset-related impacts stemming from its activities;

- Using technology and innovations intelligently and sustainably to pursue continuous improvement of the Integrated Management System.
